

Fundraising Sweepstakes

HEALTHY HEARTS START WITH YOU - Thank you for raising funds to help fight heart disease!

Add choice and/or name inside the option squares

HOW TO PLAY

1 Choose your topic.

Eg. AFL Grand Final or guessing who will win a reality tv programme.

2 Fill out option squares.

Either pre-select the options for your friends or get them to choose their own.

3 Designate option squares.

With pre-selection, cut the options out (eg. rugby nations) and put them in a hat for people to choose. If people are guessing an answer (eg. reality tv winner), they write their guess down as well as their name.

4 Announce winner!

When the competition has finished and you know the winning selection, award your friend with their prize.

TIPS

Ask each guest for a small donation (eg. \$5) per selection.

You can choose the prize for the winner. This could be a share of the entrance fees or better still, source a non-financial prize and keep every cent of the entrance fees for your fundraising!
